PROFESSIONAL SUMMARY

Java Developer with 2+ years of experience in building scalable backend systems using Java, Spring Boot, and Microservices. Skilled in developing RESTful APIs, optimizing databases (MySQL, Oracle), and implementing event-driven systems with Kafka. Adept at writing clean, maintainable code and collaborating in Agile teams.

TECHNICAL SKILLS

Programming Languages: Java, OOP, J2EE, SQL

Frameworks & Libraries: Spring, SpringBoot, SpringData JPA, SpringMVC, SpringREST, SpringSecurity, Hibernate

Enterprise & Microservices: Spring Cloud, Spring Batch, JPA, Apache Kafka, Netflix Eureka Server

Web Technologies: HTML, CSS, Javascript, Thymeleaf

Tools: Maven, Junit, Postman, Git, SLF4j, EclipseIDE, VS Code, Apache Tomcat

Cloud Technology: AWS (EC2 instance), S3, RDS

Databases: Oracle, MySQL

EXPERIENCE

RB Tech Services

Oct 2023 - Present

java developer

Ahmednagar, India

- Developed scalable backend systems using **Java**, **Spring Boot**, and **Microservices** architecture to build high performance **RESTful APIs** and enterprise-grade web applications.
- Designed and optimized relational and database schemas using **Oracle** and **MySQL** for efficient data storage and retrieval.
- Built and maintained secure and modular Java-based applications following OOP principles and design patterns such as **MVC**, **Singleton**, **DAO**, and **Circuit Breaker**.
- Implemented event-driven microservices using **Apache Kafka** for real-time data streaming and inter-service communication.
- Tested and validated RESTful APIs using **Postman** to ensure functionality, reliability, and performance of endpoints. Worked on full-stack development using **Spring MVC**, **JSP**, **Thymeleaf**, **JavaScript**, and **Bootstrap** for delivering responsive UI interfaces.
- Hands-on experience with testing frameworks such as **JUnit** and **Mockito** for unit and integration testing.

KEY PROJECTS

Online Ecommerce Shopping Portal

A lifestyle-oriented e-commerce platform enabling customers to browse and purchase a wide range of product online with ease and flexibility

- Developed a **user-friendly ecommerce portal** with features like product listings, coupons, & 24/7 accessibility
- Integrated **online payment gateway** and Cash on Delivery (COD) options for flexible transactions
- Enabled User registration, product search, cart, and order management workflow using **WordPress plugins** & custom themes
- Designed admin and manager dashboards for **order tracking**, **product management**, and **payment overview**.
- Ensured **mobile responsiveness** and optimized UX for fast, secure, and efficient shopping experience

DineEase – Inventory Management System – Spring Boot Web Application

A customizable pizza ordering system with real-time inventory management and secure role-based access.

- Worked as **Backend Developer** to build and secure RESTful APIs using Java, Spring Boot, and JWT-based Spring Security
- Designed normalized **MySQL** schemas for pizzas, toppings, orders, and inventory; enforced business rules (veg/non-veg logic, crust limits, free toppings)
- Wrote unit tests with **JUnit** and **Mockito** achieving 80%+ test coverage on critical business functions
- Documented APIs using Swagger UI and shared Postman collection for team/client testing

Internship Project : CurePath – Patient Management & Hospital Admin System

A web-based platform to manage hospital operations, patient records, and doctor appointments.

- Developed a full-stack Spring Boot application using **MVC architecture** and **RESTful** services for smooth communication between frontend and backend modules
- Designed and implemented **MySQL** schemas to effectively manage patients, doctors, appointments, medical logs, and COVID-19 case tracking
- Built interactive UIs with **JSP**, **JSTL**, **JavaScript**, and **Bootstrap** for admin and user operations

EDUCATION

Ssvps College Of Engineering Dhule, Maharashtra

2019-2023

B.Tech(CSE)

8.69 CGPA

Certifications & Achievements

Java Full Stack Developer Certification – Naresh it Technologies(Hyderabad)

Received the Best Fresher Award for outstanding behavior, teamwork, and eagerness to learn in the company
